Your Rights Regarding Your Health Information

You have the following rights regarding your health information as created and maintained by this agency.

Right to receive a copy of this *Notice*

You have the right to receive a copy of Tennessee Mental Health Consumers' Association's *Notice of Privacy Practices*. At your first treatment encounter with this agency, you will be given a copy of this *Notice* and asked to sign an acknowledgement that you have received it. In the event of emergency services, you will be provided the *Notice* as soon as possible after emergency services have been provided.

In addition, copies of this *Notice* have been posted in several public areas throughout this agency, as well as on the Tennessee Mental Health Consumers' Association's Internet web site at www.tmhca-tn.org. You have the right to request a paper copy of this *Notice* at any time from our agency Admissions Officer or our agency Privacy Official.

Right to request different ways to communicate with you

You have the right to request to be contacted at a different location or by a different method. For example, you may request all written information from this agency be sent to your work address rather than your home address. We will agree with your request as long as it is reasonable to do so; however, your request must be made in writing and forwarded to our agency Privacy Official.

Right to request to see and copy your health information

Whether you are a minor, incompetent adult or competent adult, you have the right to request to see and receive a copy of your health information in medical, billing and other records that are used to make decisions about you. Your request must be in

writing and forwarded to our agency Privacy Official. You can expect a response to your request within 30 days. If your request is approved, you may be charged a fee to cover the cost of the copy.

Instead of providing you with a full copy of your health information record, we may give you a summary or explanation of your health information, if you agree in advance to that format and to the cost of preparing such information.

Your request may be denied by your physician or a professional designated by our agency director under certain circumstances. If we do deny your request, we will explain our reason for doing so in writing and describe any rights you may have to request a review of our denial. In addition, you have the right to contact our agency Privacy Official to request that a copy of your health information be sent to a physician or psychologist of your choice.

Whenever you have a personal representative who consented to your treatment, the personal representative has the same rights to request to see and copy your health information.

Right to request amendment of your health information

You have the right to request changes in your health information in medical, billing and other records used to make decisions about you. If you believe that we have information that is either inaccurate or incomplete, you may submit a request in writing to our agency Privacy Official and explain your reasons for the amendment. We must respond to your request within 30 days of receiving your request. If we accept your request to change your health information, we will add your amendment but will not destroy the original record. In addition, we will make reasonable efforts to inform others of the changes, including persons you name who have received your health information and who need the changes.

We may deny your request if:

- The information was not created by this agency (unless you prove the creator of the information is no longer available to change the information);
- The information is not part of the records used to make decisions about you;
- We believe the information is correct and complete; or
- Your request for access to the information is denied.

If we deny your request to change your health information, we will explain to you in writing the reasons for denial and describe your rights to give us a written statement disagreeing with the denial. If you provide a written statement, the statement will become a permanent part of your record. Whenever disclosures are made of the information in question, your written statement will be disclosed as well.

Right to request a listing of disclosures we have made

You have a right to a written list of disclosures of your health information. The list will be maintained for at least six years for any disclosures made after September 23, 2013. This listing will include the date of the disclosure, the name (and address, if available) of the person or organization receiving the information, a brief description of the information disclosed and the purpose of the disclosure.

This agency is not required to include the following on the list of disclosures:

- Disclosure for your treatment;
- Disclosure for billing and collection of payment for your treatment;
- Disclosures related to our health care operations;
- Disclosures that you authorized;
- Disclosures to law enforcement when you are in their custody; or
- Disclosures made to individuals involved in your care.

Your first request for a listing of disclosures will be provided to you free of charge. However, if you request a listing of disclosures more than once in a 12 month period, you may be charged a reasonable fee. We will inform you of the cost involved and you may choose to withdraw or modify your request at that time, before any costs are incurred.

Right to request restrictions on uses and disclosures of your health information

You have the right to request that we limit our use and disclosure of your health information for treatment, payment and health care operations. You also have the right to request a limit on the health information we disclose about you to your next of kin or someone who is involved in your care. (Example: you could ask that we not disclose information about your family history of heart disease.) We will provide you with a form to document your request.

We will make every attempt to honor your request but are not **required** to agree to such request. However, if we do agree, we must follow the agreed upon restriction (unless the information is necessary for emergency treatment or unless it is a disclosure to the U.S. Secretary of the Department of Health and Human Services).

You may cancel the restrictions at any time and we will ask that your request be in writing. In addition, this agency may cancel a restriction at any time, as long as we notify you of the cancellation.
